

Goodbye August Hello September

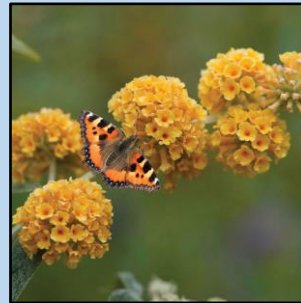

*I look forward to September
With its warm mellow days;
Trees full of radiant colours
Breathtaking, worthy of praise.*

*You can be in another world
Just staying a few miles away;
There's so much beauty lurking there
Wherever you choose to stay.*

*Perfect time to take a Holiday
No need to travel far;
Enjoy the beauty of your Homeland
Easily reached by train or car.*

*Holidays should not be competitive
Boasting to others where you've been;
They are meant to restore and relax you
By the restful sights you've seen.*

*Why struggle with loads of luggage,
Getting passports booking a plane;
Exchanging currency, getting jags
Gives you lots of stress that's plain.*

*Coming at this time of year
Showing nature at its best,
September in all its glory
Stands well above the rest .*
